ESP Virtual Grand Rounds
Jeffrey A. Gudin, MD and Neil Skolnik, MD

In the last of our three-part series, Drs. Gudin and Skolnik present and discuss two challenging chronic pain cases with strategies that support improved success in opioid management.

Begin

ESP Opioid Management – Managing Patient’s Opioid Use: Balancing the Need and the Risk

Dr. Lynn Webster leads a panel discussion on compliance with regulatory agencies and policies involved in the treatment of patients with chronic opioid therapy, in tactics that support improved outcomes while minimizing risk in this patient group.

Begin

New Free CPE for Pharmacists
The Emerging Role of the Pharmacist Series

In part three of this four-part series, Dr. Christopher Herndon, assistant professor and clinical pharmacy specialist, discusses how to achieve optimal therapeutic outcomes in pain management from the perspective of a pharmacist.

Begin

ESP Frequently Asked Questions
John F. Peppin, DO, FACP

Questions about evaluating patients’ likelihood of abusing their opioid prescriptions? Visit ESP’s Knowledge Library to hear expert opinions and advice.
